Sir,

Adverting to your memo No.G.1046/G.M.223-14-3 dated the 23rd July 1915 in connection with West Bank bungalow at Bangalore, I have the honour to state that the Executive Engineer, Bangalore Division, has submitted a repair estimate amounting to Rs 112 and brings to notice that, as the lease for the bungalow expires on 30th November 1915, it is not possible to recover the full cost of the repairs from Miss Haines at the rate of Rs 20 per mensem, as proposed by the landlady, until it is definitely known whether Government will keep on the building.

2. Under the circumstances stated by the Executive Engineer, the repairs required to the building may be left to be carried out by the landlady herself and full rent paid to her without any deduction. If the lease is to cease on the 30th November 1915, immediate notice has to be given to the landlady and orders will have to be issued for the removal of the Government articles from the bungalow. It is not understood whether Government desire to renew the lease of the bungalow for a further period or terminate it on 1st December next.

3. The estimate amounting to Rs 164 for the maintenance establishment from 1st March to 30th November 1915 may be sanctioned the cost being met from the Medical Budget.

Chief Engineer of Mysore,

Bangalore.

To

D.M.Narasinga Rao, Esq., B.A., B.L.,

Secretary to Government, General Department,

Bangalore.

Sir,

Adverting to this office No. 42 dated the 4th January 1916, intimating that the "West Bank" bungalow was vacated on the 30th November 1915 and handed over^{to} the landlady, I have the honour to inform you that the articles of furniture removed from the bungalow were ordered to^{be} kept for the time being in one of the rooms in the Private Secretary's Quarters at Bangalore which were vacant as there was no other place available for the purpose.

(1) 2. A copy of the Superintending Engineer Southern Circle's No. 4011/G. dated the 24th April 1916, reporting that the articles cannot be kept in the Private Secretary's quarters any longer is herewith forwarded for orders of Government. It seems to me that the Superintending Engineer's suggestion to auction the articles may be accepted unless they are required for use at any time. They were purchased by Government for Dr. Foulkes.

(2) 3. It is also a question why the articles should not be distributed to other residential quarters where purchase of new articles are now and then being asked for. If this meets with the approval of Government, the Superintending Engineer will be requested to submit proposals.

Letter No. 4011 dated the 24th April 1916 from the
Superintending Engineer, Southern Circle, to the Chief Engineer of
Mysore, Bangalore.

With reference to your No. 130 dated 7th January 1916, regarding the furniture of "West Bank" bungalow ordered to be kept for the time being in one of the rooms of the Private Secretary's Quarters, I have the honour to state that the Assistant Engineer, Headquarters Range, Bangalore Division, now reports that, as there are no spare rooms in Carlton House to keep the furniture and besides as the Private Secretary is said to return in the month of May 1916, the furniture is to be removed before his return. It is also reported that there are no spare rooms in any of the Government buildings so far^{as} the Assistant Engineer is aware of to keep the furniture, nor is there any room available in the General Stores.

2. As the Executive Engineer, Bangalore Division, solicits instructions in the matter, I request the favour of your early orders. I would propose that the articles be sold by auction by some competent firm as they are likely to deteriorate if stored for any length of time.
